es service and support to a variety of marine projects. This is attributed to the versatility of our fleet as well as our access to third party vessels and

equipment. Third party vessels include offshore and inland tugs, barges and offshore supply, utility and crew boats. By utilizing both company owned and third party vessels, SMT is able to deliver a diverse fleet of vessels to support a wide range of marine operations.

Services Include:

- ✓ Oil and Gas support
- ✓ Anchor Handling
- ✓ Rig Towing
- ✓ Dredging support
- ✓ General Marine Construction
- ✓ Pipeline support
- ✓ Marine Salvage
- ✓ Long Distance Towing
- ✓ Ship Assist
